OUR MISSION

Mary Queen of Heaven Preschool, in partnership with parents and with the loving support of our parish community, offers a Christ-centered early learning environment. Since no two children learn in exactly the same way, we offer multiple pathways for social, academic, and spiritual development.

We provide an educational experience that honors differences and focuses on strengths and goodness. Children are encouraged to make choices, develop their talents, and understand the role God plays in the world around them. We strive to educate the whole child. Children will be free to play, explore, and imagine in the course of a child-oriented day.

Our faith-centered, child-focused, family sensitive preschool seeks to develop a loving relationship with God as a basis for living out the Gospel values of love, justice, peace, and service.

The parish is multi-generational, with many young families, and is very family-oriented. Mary Queen of Heaven has a strong sense of community and is a place where children and adults can build friendships to last a lifetime.

Mary Queen of Heaven's Kindergarten Enrichment Program (KEP) strives to compliment the existing public school kindergarten curriculum by providing a balanced program of academics, religion and arts, combined with programs specifically designed to develop their physical and social skills.

Just as Mary Queen of Heaven Preschool offers a social, warm, active classroom for children attending our preschool classes, KEP's morning program will offer the same inviting environment to our kindergarteners. In addition to promoting a young child's education by practicing reading, writing, and arithmetic skills, KEP will introduce music, art, sports, foreign language, Christian-based religion and good manners in a secure, safe social community where only Virtus trained adults are permitted to volunteer in our classrooms.
